

Corporate Statement

Vision and Mission Statement

OUR VISION

Energie AG Oberösterreich: The Number One

In our core business sectors – energy, water and waste disposal – we are the leading infrastructure group in Upper Austria. Our markets are in Austria and in other countries of Central and Eastern Europe.

OUR MISSION

Our mission is to be the market leader or the prime challenger in our core business sectors, i.e. energy, water and waste disposal. We reach this goal primarily through the high-quality and customer-oriented performance by the competent staff members of our Group.

With our innovative and environmentally friendly products and services, we enable our customers to have a better quality of life, more security and success.

The close cooperation within the Group and with our partners is an essential potential for our economic success. Success-oriented action makes us an attractive partner for our owners and capital providers.

Corporate Statement

OUR GROUP

We are the leading Upper Austrian infrastructure group. Our main goals are thus to grow in all business sectors and to strive to be better than our competitors.

We reach this goal through close cooperation within the Group, through cooperation projects and partnerships, as well as by providing our customers with flexible and optimized services.

In addition to offering convincing customer benefits, we also focus on the economic success of our Group.

OUR CUSTOMERS

Customer satisfaction is the yardstick for our activities. We strive for lasting customer relations, based on trust, and continuously work on enhancing our reputation as a competent and reliable partner. In all business sectors we therefore focus on an overall orientation to quality, on maximum security and on optimum service standards.

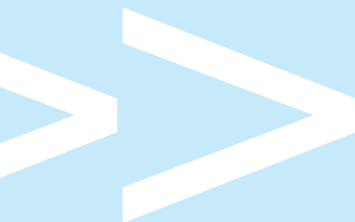

Corporate Statement

OUR ECONOMIC GOAL

Our goal is to generate attractive returns, to increase our corporate value with sustainability, and thus to be a reliable and interesting economic partner for our owners and capital providers.

Our efficient opportunities and risk management is the basis of our success.

OUR HUMAN RESOURCES

A secure and healthy working environment, as well as continuing training and staff development contribute towards motivating our staff members and promoting their qualifications. Our senior managers stand out for their exemplary role, their team spirit, marked by an open exchange of knowledge and information.

A positive working climate, in a spirit of helpfulness and consideration, is an important contribution to our corporate culture.

OUR SOCIAL RESPONSIBILITY

The security of supplies and the responsible use of resources are decisive contributing factors to a successful economic development, ensuring a high quality of life.

We play an important role as an employer, we assume responsibility for training young people, and we support education, culture, social goals and sports.

A high-angle, top-down photograph of a group of approximately 12 people walking in a loose circle on a light blue background. The people are dressed in business casual attire, including jackets, blouses, and trousers. They are captured in motion, with some looking towards the center and others looking away. The lighting is soft and even, creating a clean, minimalist aesthetic.
